

A message from our Board President

Good day Neighbors!

The last twelve months have been tough, but this is the best neighborhood in Lewes with absolutely the best people. Hopefully some time over the next few months we will be able to gather again.

You all know I have two big collies, being a dog lover and owner, I am so very happy that this is a dog friendly neighborhood. However, I am afraid we dog owners are going to lose that status if we keep forgetting to “scoop the poop.” We all need to remind our visitors, friends, and neighbors not to let our dogs leave these “gifts “not just on people’s lawns but also along the wooded areas. No one likes to step in poop! So please pick up after your dog.

We’ve added some small signs throughout the neighborhood reminding our neighbors and those from other communities to pick up after their pets. (see below)

Right now, we have our annual meeting scheduled as a Zoom meeting on June 8th at 7:00 p.m., if things change, we will let you know. Please plan to attend! An email with additional information will be sent soon.

Thank you,  
Candy Hamner
